- 04 This is the first time looking at stars through a telescope.  
My pupils use microscopes when they're in the laboratory.  
Only employees can enter the laboratory.  
My father is showing me how to use a calculator.
- 05 The scientist is looking at cells through a microscope.  
They're measuring chemicals in a laboratory.  
One day, I hope to travel to another planet.  
The father and son are using a telescope to look at a planet.
- 06 The class met outside today.  
The team practised outside today.  
He studies stars.  
He studies chemicals.

- 10 The girl is adding.  
The man is subtracting.  
The boy is dividing.  
The woman is multiplying.
- 11 To find out how much it costs to go to the museum, multiply the number of people by the ticket price.  
To find out how many football players there are, add the red team and the blue team.  
To find out how many eggs you'll have left, subtract the number you'll use from the number you have.  
To find out how many slices everyone can have, divide the number of slices by the number of people.
- 12 Last week, I didn't know the answers to any of the questions because I didn't study.  
This week, I know the answers to all the questions because I studied!  
I'm dividing to find out the answer to the maths problem.  
The answer is forty-two!
- 13 If you add two to six, the answer is eight.  
If you subtract two from six, the answer is four.  
If you multiply six by two, the answer is twelve.  
If you divide six by two, the answer is three.
- 14 We're going to the doctor to find out if our baby will be a boy or a girl.  
We know it's a girl.  
I know my class is meeting here today.  
I need to find out where my class is meeting today.

- 16 What are you studying?  
I'm studying for my biology class.  
I'm studying for my astronomy class.  
I'm studying for my chemistry class.  
I'm studying for my maths class.
- 17 She's a biologist. She studies the plants and animals that live in the rainforest.  
He's a chemist. He's manufacturing new chemicals.  
They're astronomers. They're using a telescope to look at the stars.
- 18 The biologists discovered that the cells were growing.  
The astronomer used a telescope to discover a new star.  
When I was travelling in the rainforest, I discovered a new plant.
- 19 The chemist is working on an experiment to discover chemicals in the water.  
The biologist is working on an experiment to discover how well plants grow under water.  
The astronomer is trying to discover new planets far from Earth.
- 20 What type of experiment are you doing?  
I'm doing a biology experiment.  
What type of experiment are you doing?  
I'm doing a chemistry experiment.

## 2.3 Continued

- 21 This astronomer is measuring how far it is between our planet and some stars.  
This biologist studies the birds in this forest.  
This chemist is about to discover what happens when you add these chemicals together.
- 22 I could have been a biologist, but I liked chemistry more.  
The plant might have grown well, but you didn't water it enough.  
We would have bought a telescope, but we didn't have enough money.  
You could have borrowed my umbrella if you had asked for it.
- 23 I would have finished my experiment, but my microscope is broken.  
She would have played outside yesterday, but it was raining.  
He would have made it to work on time, but his car had a flat tyre.  
He would have played tennis, but he was too tired.
- 24 I would have gone to the match, but it was cancelled.  
He would have gone to the play, but the tickets were too expensive.  
You would have gone to school, but it was snowing.  
We would have gone ice skating, but it was too hot.  
You would have gone to the party, but you slept instead.  
They would have gone home, but they were late for the train.
- 25 Today, you'll be presenting the experiments that you've done.  
I did a biology experiment to discover if music helps plants to grow.  
I have two plants and I gave them the same amount of water and light.  
I didn't play my violin for this plant, but I did play it for the other plant.  
What have you discovered?  
The plant that I played my violin for grew ten centimetres in two weeks. The other plant grew five centimetres.
- 26 I did an astronomy experiment to discover how many planets I can see with and without a telescope.  
I could see five planets without a telescope...  
...but when I used a telescope, I could see seven planets.
- 27 For my chemistry experiment, I wanted to discover if there are different chemicals in coffee than in tea.  
I put paper in coffee and tea, then looked at the paper with a microscope.  
This represents the chemicals that I found in the tea and coffee.  
I discovered that tea and coffee have many of the same chemicals, but also some different ones.
- 28 The astronomer is looking at stars with a telescope.  
The pupil is studying stars in an astronomy class.  
The biologist is looking at cells with a microscope.  
The students are studying cells in a biology class.

## 2.4 Core Lesson

- 01 You've become husband and wife.  
In this photograph he was a child, but he became an adult.  
They're about to become citizens of the United States.  
She became a grandmother last year.  
Milk can become butter.
- 02 Our daughter has just been born!  
Congratulations! You've just become a father!  
You've just become a grandmother!  
You've just become a brother!
- 03 This animal will become a frog.  
This animal is a frog.

This is bread.
- 04 It's impossible to swim across the ocean.  
It's possible to swim across a swimming pool.  
It's impossible for a person to become an insect.  
It's possible to become a biologist who studies insects.
- 05 Is it possible to climb that mountain?  
Yes, it's possible, but it's very difficult.  
Is it possible to swim from New York to London?  
No, because it's impossible to swim across the Atlantic Ocean.
- 06 I remember when you and Dad got married.  
That's impossible. You hadn't been born then!  
I think I saw you last night at the cinema.  
That's impossible. I was at home studying last night.
- 07 It's possible for ice to become water.  
It's impossible for a brick to become gold.  
It's impossible for a penguin to fly.  
It's possible for milk to become ice cream.
- 08 How many slices of pizza are left?  
There are three slices of pizza left.  
How many bottles of water are left?  
There are two bottles of water left.
- 09 There are three cans of lemonade left.  
There are two bananas left.  
There are five eggs left.  
There's one slice of cake left.
- 10 Her assignment was to present an idea to her managers.  
His assignment was to present something about volcanoes to his class.  
Her assignment is to read this novel.  
His assignment is to write about the book he read.
- 11 He's a photographer. His assignment is due next month.  
They work for a newspaper. Their assignment is due tonight.  
She's a student. Her assignment is due tomorrow.
- 12 When is your assignment due?  
It's due tomorrow and I have a lot left to finish.  
When is your assignment due?  
It isn't due until next month, so I have a lot of time.
- 13 The letter from her daughter is only one page long.  
This leaflet is only one page long, but it's folded into thirds.  
The third chapter in my biology book is about plants.  
This novel has five chapters.
- 14 Do you have an assignment due tomorrow?  
Yes, I have to read two chapters of this novel.  
How many pages is that?  
The chapters are almost thirty pages long, so I have to read almost sixty pages.
- 15 My assignment is due tomorrow!  
I'll read twenty-five pages tonight.  
These two university students are working on an assignment together.  
Please read page fifty-four to the class.

## 2.4 Continued

- 16 There are only two pencils left. You'll have to share them.  
Their assignment for their science class is due tomorrow.  
Your assignment was due thirty minutes ago!  
There's only one desk left.
- 17 The woman is cheating at the game.  
The man is cheating at football.  
The woman is cheating at golf.
- 18 He shouldn't be cheating in his exam.  
They'll have fifty minutes to finish their exam.  
She's the last student to finish her exam.  
He has to answer all of their questions in this exam.
- 19 What are you studying this term?  
This term, I'm studying art.  
Last term, I studied maths.  
...but it didn't go very well.
- 20 Your most important assignment is due at the end of this term.  
There are only two weeks left in the term and then we'll have the summer holidays.  
This exam is very good. You've done well this term.
- 21 Today, one of the students is presenting his chemistry assignment.  
This class is meeting outside today.  
I'm taking astronomy and chemistry this term and they're both very difficult.
- 22 She failed her driving test.  
Congratulations! You passed your driving test!  
I can't believe I failed my exam.  
We passed our exams!
- 23 If I play football today...  
...I'll fail my maths test tomorrow.  
If I study maths today...  
...I'll pass my maths exam tomorrow.
- 24 They're just beginning university. They're planning to graduate in four years.  
He's graduating from university today.  
Now that she's graduated from university, she has become a teacher.
- 25 What's wrong? You don't look happy.  
I'm worried that I'll fail your chemistry class and then I won't be able to graduate.  
If you pass your exam next week you will graduate.  
It's possible that I'll pass the exam. I'll have to study a lot.
- 26 You're taking the exam the day before me.  
Will you give me your answers?  
Why do you want to cheat? You can pass this class if you study for the exam.  
Okay. Instead of going to the beach on Saturday...  
...I'll stay home and study for my exam.
- 27 Although I didn't do well in the exam...  
...at least I didn't cheat...  
...and I didn't fail!  
Since you did well enough to pass the class...  
...you'll be able to graduate with me on Saturday!

## 2.5 Milestone

- 01 What type of films do you like?  
I like all types, except sad films.
- 02 Have you seen this film?  
Yes, I've already seen it.
- 03 What type of film is it?  
It's a comedy.
- 04 What's the story about?  
The story is about a biology student who does an experiment in his class laboratory.
- 05 Why is it funny?  
It's funny because he becomes the size of an insect.
- 06 That's impossible!  
Yes, I know it's impossible. It's science fiction!
- 07 What happens to the student?  
He becomes a famous chemist.
- 08 Have you seen this one?  
Yes, I've already seen it.
- 09 What type of film is it?  
It's a romance.
- 10 What's it about?  
It's a love story about a young woman from a traditional city during a war.
- 11 Who does she love?

Yes, it happens in the past.
- 13 I read a novel like that!  
It was a novel before it was a film.
- 14 Excuse me, can you recommend a film for us?  
Yes, I can recommend a film for you.
- 15 Have you seen "Travelling To The Stars"?  
No, I haven't seen it.
- 16 Is it science fiction?  
No, it isn't science fiction.
- 17 What's it about?  
It's about an astronomer who discovers another planet.
- 18 Is it a real story?  
Yes, it's a real story. It's a biography.
- 19 Is it sad?  
No, it isn't sad.
- 20 Would you like to watch this film?  
Yes!
- 21 Did you like the film?  
Yes, I liked the film. It was interesting to watch his love of astronomy grow.
- 22 What do you think the star represented?  
I think the star represented the future!

## 3.1 Core Lesson

- 01 Volcanoes can produce a lot of smoke.  
The windscreen of this car is broken.  
The ambulance just arrived at the hospital.  
I was in an accident because the other man didn't see my car at the crossroads.
- 02 I drive an ambulance.  
Thank you for cleaning my windscreen.

It depends. It won't arrive until next week unless you post it today.
- 28 You'll lose the race unless you're the fastest.  
You would have won the race, but you weren't the fastest.  
I'll be there for dinner unless the train is late.  
I would have arrived on time, but the train was late.

## 4.2 Continued

- 29 I see a mistake in the design of the video game.  
What's the mistake?  
I don't understand the words in the video game. They're very complex.  
The words are very simple at the beginning...  
...but as you learn the language, the video game teaches more complex words.  
Of course, the end looks very complex if you don't understand the words at the beginning.
- 30 I think your team did well with this project.  
Thank you. There were problems, but we solved many of them.  
Let's manufacture this game as soon as possible.  
I want it to be in the shops by the end of the year!

- 19 I'm sorry that I'm late! Are you still working?  
Yes, we're still working!
- 20 Were you in the class that I taught a few weeks ago?  
Yes, I was! I was sitting at the back of the class.
- 21 Can we stop the world from becoming polluted?  
If everyone can learn to recycle more, it's possible for the Earth to always be beautiful.

# Index

In this index, each word is followed by the Unit and Lesson in which it occurs. The number of times that the word appears in the lesson is enclosed in parentheses.

En este índice, a cada palabra le sigue la Unidad y la Lección en que aparece. Entre paréntesis se encuentra el número de veces que aparece la palabra en cada lección.

Dans cet index, chaque mot est suivi de la Partie et de la Leçon correspondantes. Le nombre de fois où le mot apparaît dans chaque leçon est indiqué entre parenthèses.

In diesem Index steht nach jedem Wort der Teil mit der Lektion, in der das Wort vorkommt. In Klammern wird angegeben, wie oft ein Wort in einer Lektion auftritt.

In questo indice, ogni parola è seguita dall'Unità e dalla Lezione corrispondente. Il numero di volte che la parola appare in ogni lezione è indicato in parentesi.

Neste índice, cada palavra encontra-se seguida pela Unidade e o Capítulo em que aparece. O número de vezes em que a palavra aparece em cada capítulo encontra-se em parênteses.

Каждое слово, находящееся в этом указателе, сопровождается сноской на раздел и урок, в которых это слово встречается. В скобках указано, сколько раз данное слово упомянуто в уроке.

إنَّ كلَّ كلمةٍ في هذا الفهرس تليها الوحدة و الدرس الذي وردت فيهما. توضّح الأرقام بين الأقواس عدد المرات التي وردت فيها هذه الكلمة في الدرس.
