

# The Rosetta Stone language-learning solution is now available.

When our students finish school they will need language skills to compete in the global economy. But did you know that only 9% of the US population is bilingual? [Learn More...](#)

Foreign language mastery is the key to success in the global marketplace. We're pleased to announce the addition of this award-winning language program to our list of available resources for all students and staff.

Over 22,000 schools and districts worldwide have turned to Rosetta Stone to deliver up to 30 languages in a personalized and differentiated learning environment. The program features reading, writing, listening, and speaking exercises that surround learners in their new language.

This flexible and scalable web-based language solution provides digital resources for World Language and ESL programs, literacy and gifted programs, adult education, and professional development for teachers and staff.
