

Customized language learning for your school or district.

Schools often have language needs that extend beyond standard language programs and vary in scope and scale. Rosetta Stone® Custom Solutions for K-12 is a service that provides custom content to equip students with language learning customized to your unique school or district needs.

As your partner, our team of expert curriculum designers can work with your teachers and curriculum specialists to build a custom language program to achieve specific learning outcomes tailored to your requirements.

KEY FEATURES

Content Authoring services tailor content to specific context and desired learning requirements.

Administrator Tools allow teachers to track and measure student progress.

Training, Implementation, and Support services provide successful deployment in your school or district.

KEY BENEFITS

Rosetta Stone® Custom Solutions for K-12 aligns language learning with your needs.

- Enables schools to establish an online learning program that complements in-class instruction
- Allows teachers to add more flexibility to the language curriculum
- Provides more opportunities for students to engage and practice their new language beyond the classroom

ROSETTA STONE® LANGUAGE LEARNING SUITE FOR K-12

Rosetta Stone Custom Solutions for K-12 combines e-Learning and proven methodologies to develop customized language programs for a school or district.

Tailor language programs to meet your unique needs.

Content Authoring customizes language training.

Our team of expert curriculum designers builds your custom language program, leveraging a proven instructional framework that helps achieve learning outcomes. Superior speech-recognition technology can be embedded throughout the program.

Our curriculum designers will work with you to analyze your school's or district's language-learning requirements and establish learning outcomes, design program requirements, develop lesson content, and implement your custom language-learning program. Once the program is in place, our team will work with you to evaluate the program to ensure success.

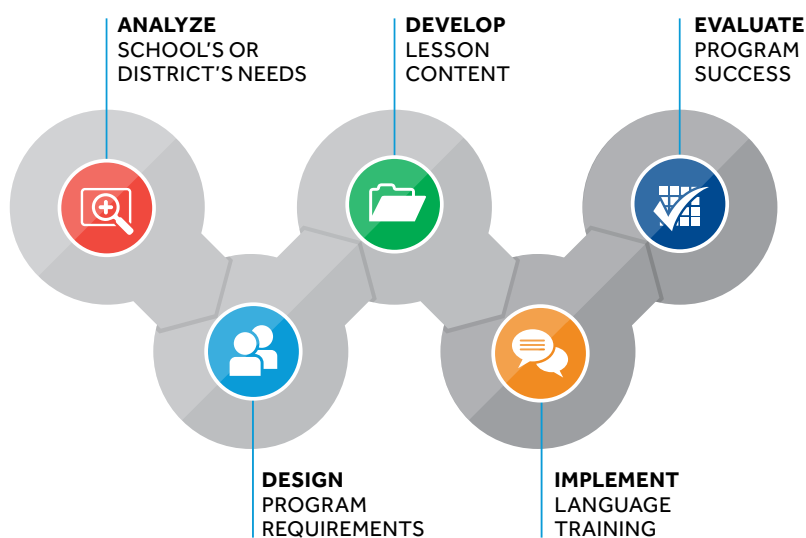

Administrator Tools provide dynamic reporting options.

Robust tools enable teachers to track usage and progress for individual students and classes, including activity completion and time on task, and generate real-time reports.

Training, Implementation, and Support services prepare you for success.

Our team of experts partners with you to plan, deploy, and promote the program in your school or district, and integrate our solutions into your technical infrastructure.

Our specialists will consult closely with you to define content and instructional options tailored to your specific needs and assist with program implementation.
