- 3 Select a Course assigned to you by your instructor, or choose a Course based on your language-learning goals.

Choose the Recommended Course to learn a variety of language skills.

Or select an alternate Course: the Extended Course for extra practice, or focus on skills in Speaking and Listening or Reading and Writing. Keep **Learn letters and sounds** checked to add Reading Activities that introduce the sounds letters make.

- 4 Click **Next**.

E Start Your Course

- 1 Click several times to see how Rosetta Stone builds your Course. Each Core Lesson is supplemented by Focused Activities that reinforce the Core Lesson.

- 2 When your Course build is complete, click anywhere to continue.

- 3 The Home Screen appears, showing the first Core Lesson of your selected Course. Click **Start**.

- 4 Set up your microphone for Speaking Activities. If you do not want to practice speaking, turn off speech for this session or for all sessions.

If you are using a headset, position it with the microphone in front of your mouth. At the tone, speak in a normal voice: "1, 2, 3, 4, 5."

Note: Built-in microphones may not work well.

F Screen Types

Rosetta Stone uses a variety of screen types to help you associate meaning with new words.

Choose image

Click on the picture that matches the spoken words and text.

Speech practice

Speak into the headset microphone if available, or just practice speaking.

Match picture

Click on the small picture that matches the word or phrase.

Multiple choice

Choose the text that completes the phrase.

Choose prompt

Choose the phrase that answers the question.

Type text

Type the phrase on your computer keyboard, or click the keys on the on-screen keyboard. Click a special character key to insert a character with an accent or diacritic mark.
