

Language Learning leads to Global Experiences

Students today have tremendous opportunities to create global connections. While teachers and technology help learners find their own window to the world, language is one of the keys that unlocks it.

To communicate successfully as global citizens, students will need to:

Benefits of Language Learning

FOCUS

Enhances attention and task switching capacities

COGNITION

Increases critical thinking skills and creativity

ENGAGEMENT

Develops capabilities needed for success in diverse societies.

1 TIME is SCARCE
Implementations can fit your needs.

- ★ Stand-alone during class or lab time
- ★ Fully blended into the classroom

2 LACK of RESOURCES
Program does not replace teachers.

- ★ Integrate into existing curriculum
- ★ Provide as supplement

3 PERSONALIZED LEARNING
Students can set individual language goals.

- ★ Learners work at their own pace
- ★ Teachers receive data to monitor progress

4 PROCUREMENT NEEDS
Our team is ready to assist.

- ★ Different levels of purchasing
- ★ Can fit each school or district's needs

Overcoming Barriers

Rosetta Stone language learning solutions give educators flexible resources to solve common world language challenges.

Language Comes in all Sizes

Schools and districts, whether rural, suburban, or urban, have achieved language learning success by including Rosetta Stone® solutions within their overall language program.

ASPEN ACADEMY

Hear from Spanish teacher Sydney Harper on how Aspen Academy has expanded opportunities for all their students to learn new languages.
