

Rosetta Stone Learner Agreement

We are delighted to offer you the opportunity to develop your language skills using the Rosetta Stone® program. You will be able to access one of 24 languages in school, at home, and on your iPad, iPhone, or Android device.

To ensure that you benefit the most, we ask you to commit to using the Rosetta Stone program for just one hour each week. This can be broken down between time at school, in class and in the library, and at home on your own time.

To access your account, please use the following login details:
