

Summer language learning with Rosetta Stone

Your student has been learning with Rosetta Stone this school year. Continuing their language learning through the summer is as easy as 1-2-3!

1. Access Rosetta Stone Foundations

On the computer:

- Sign in to your child's account using this login information:

URL:

Username:

Password:

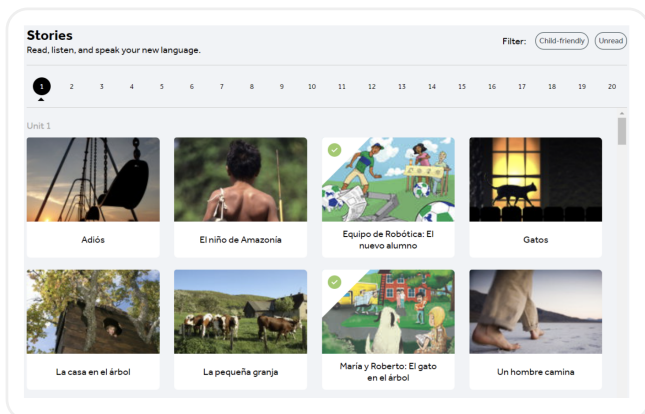

- Click on Launch Rosetta Stone® Foundations.

On the app:

- Download the Rosetta Stone: Learn Languages app to your device.
- Open the app on your device and choose Have an account? - Log In
- Choose Work or School.
- Enter your username, password, and namespace. The namespace is the first part of the above URL.

2. Explore learning content:

- Your student's progress is saved, so the program will open in their current unit.
- Click on Show Menu to see all 20 Units to explore all of the content as well as review any past curriculum.
- In addition to lessons, Rosetta Stone offers many short stories that provide practice in reading, listening, and speaking. Find them by clicking on Explore All Content at the top.

3. Monitor their progress:

- Sign in to your child's account and click on My Reports.
- Select the desired date range.
- Choose the preferred format to review their list of accomplishments and skills to work on.
- Encourage your child to keep learning!
